PROFESSIONAL SUMMARY

Results-driven IT professional and Software Developer with experience spanning service delivery, technical support, and full-stack web development. Proven ability to manage IT infrastructure, support end-users, and deliver scalable software solutions using ASP.NET Core, JavaScript, and SQL Server. Adept at working across EdTech, academic, and development environments with strong problem-solving, documentation, and networking skills.

TECHNICAL SKILLS

Web Technologies:	HTML5, CSS3, JavaScript	Programming Languages:	C#, Java
Framework & Platform:	ASP.NET Core, .NET (Basic)	Database:	MySQL, SQL Server (Basic)
ML & Vision Tools:	OpenCV, TensorFlow (Basic)	Networking:	LAN Configuration, IP Addressing, Basic Troubleshooting

WORK EXPERIENCE

Associate – Service Delivery | *Bluestone Consulting Pvt. Ltd. (L&T EduTech)* Apr 2026 – Present

- Deployed as Associate-Service Delivery for L&T EduTech Business Vertical under Larsen & Toubro Limited, supporting EdTech service delivery operations.
- Coordinated between client stakeholders and internal teams as single point of contact, ensuring smooth communication and timely resolution of service issues.
- Managed day-to-day service delivery tasks, maintaining quality standards and adherence to client SLAs.
- Handled documentation, reporting, and administrative support functions related to service operations.

IT Technical Support & IT Admin | *Sesahayee Institute of Technology, Tiruchirappalli* Dec 2025 – Apr 2026

- Administered and conducted Computer-Based Tests (CBT) for online examinations, managing exam scheduling, system configuration, and real-time technical monitoring to ensure uninterrupted assessment delivery.
- Deployed and managed network boot (PXE/Netbooting) environments, enabling centralized OS deployment across lab systems without individual installation, reducing setup time significantly.
- Handled IT administration tasks including user account management, access control, system imaging, and maintaining accurate IT asset and documentation records.

INTERNSHIPS

Full Stack Development Intern | *Isysway Technologies, Thanjavur* Jan 2025 – 15 Days

- Designed and developed responsive web pages using HTML, CSS, and JavaScript, and integrated them with back-end services.
- Collaborated with the development team to build and test dynamic features, gaining practical knowledge of the full-stack development lifecycle.

Image Processing Intern | *Tapasi Solution LLP, Thanjavur* Nov 2024 – 2 Months

- Worked on real-world image processing tasks using OpenCV, including image filtering, edge detection, and feature extraction.
- Assisted in building and optimizing machine learning classification pipelines, contributing to model accuracy improvements.

PROJECTS

Student Management System

- Developed a full-stack CRUD web application using ASP.NET Core and SQL Server to manage college student records end-to-end.
- Implemented college admission handling — including student registration, document verification, course allocation, and admission status tracking.
- Built a fees management module to record, track, and generate reports on student fee payments, dues, and receipts with role-based access for admin and staff.

Blood Group Prediction Using Fingerprint Analysis

- Developed an automated system that predicts a person's blood group from fingerprint images using OpenCV for preprocessing and TensorFlow for ML classification.
- Achieved reliable prediction accuracy through dataset augmentation and model fine-tuning, demonstrating practical ML engineering skills.

User Management System

- Built a secure web application using ASP.NET Core and SQL Server with login, registration, session management, and role-based access control (RBAC).
- Optimized database queries and designed a clean, intuitive UI to ensure fast and secure handling of user records.

EDUCATION

B.E. – Computer Science and Engineering | Nelliandavar Institute of Technology 2021 – 2025
CGPA: 7.33

Higher Secondary Certificate (HSC) | Srinivasarav Higher Secondary School 2020 – 2021 | 84.76%

Secondary School Leaving Certificate (SSLC) | St. Joseph's High School 2018 – 2019 | 76.80%

CERTIFICATIONS & LANGUAGES

C# (Basic) – HackerRank

JavaScript (Basic) – HackerRank

Cisco – Networking Essentials (Covers network fundamentals, LAN/WAN protocols, IP addressing, subnetting, and basic network security)

Languages: Tamil (Native) | English (Proficient)
